We welcome your insights, hopes, concerns, and questions regarding this chapter in your child's education and personal development. Please feel free to attach additional sheets or add comments and concerns you feel would be helpful for us to know as we work with your child and as we represent him/her to colleges. Parents may collaborate or respond separately, as they prefer.

1) What do you consider to be the outstanding accomplishments of your child during the past three or four years? Why did you select these?

2) In what areas has your child shown the most development and growth during the past three or four years?

3) What are one or two characteristics you like most about your child? Explain.

4) What five adjectives best describe your child?

5) Are there any unusual or personal circumstances that have affected your child's educational or personal experiences (either positively or negatively)?

6) What characteristics are you interested in finding in a college for your child?

7) Are there any specific limitations you feel strongly about when selecting a college list (i.e., location, size, cost, setting)?

8) Please list the name of any colleges to which you plan to encourage your child to apply.

9) Do you anticipate that your child will be applying for financial aid?

10) How do you see your role in the college admission process?

11) Please relate a brief story or stories about your child which you feel capture(s) some of his/her special qualities, traits or talents. Stories from childhood are fine, but please also include some "high school era" stories if possible. You might want to share with us the details of your child's development as a learner, a leader, an athlete, a writer, a performer... you know them best, so the more specific and detailed anecdotes you can share, the better!
